## Work Experience

FMI, A SPIRIT AEROSYSTEMS COMPANY

Manufacturing Engineering Intern | 2023 - Present

Designed a fixture incorporating go/no-go gauges to speed up the routine inspection of steel frames used multiple times throughout the material manufacturing process. Worked with the FMI and Internat engineering teams, found and sourced parts, participated in design reviews, created drawings, became familiar with GD&T fundamentals, and developed calibration guidelines for the fixture.

HANNAFORD BROS. CO., LLC

Customer Service | 2023 - 2024

FIRST PARISH CONGREGATIONAL CHURCH, GORHAM

IT Consultant | 2021 - Present

Hired in 2021 to aid the church in live streaming their service every Sunday due to the pandemic. Involved in several projects including leading a complete website overhaul, designing marketing materials for a solar installation project, providing guidance on a transitional housing project, and have helped with over \$300,000 worth of projects and grants.

LUCKY PIGEON BREWING CO.

IT Consultant | 2021 - 2022

Hired to draft a proposal for a new CCTV system and network overhaul. Handled equipment acquisition and installation all before the deadline of the brewery's grand opening. Aided in the installation of a new POS system and speaker system.
